SCHOOL DEPARTMENT

SUPERINTENDENT'S REPORT

It is with pleasure that I submit my sixteenth annual superintendent's report of the Penobscot Elementary School and data pertinent to the secondary students attending George Stevens Academy, Blue Hill.

	Blue Hill		Bucksport		
	Boys	Girls	Boys	Girls	Total
Seniors	5	2	1	0	8
Juniors	6	5	0	2	13
Sophomores	9	7	1	0	17
Freshmen	8	3	0	1	12
					<u>50</u>

One senior girl attends Lee Academy and one junior girl attends Ellsworth High School.

GEORGE STEVENS ACADEMY PRINCIPAL'S REPORT

To the Superintendent of Schools, Superintending School Committees of Blue Hill, Brooksville, Penobscot and Sedgwick, Trustees of George Stevens Academy and citizens of the above communities, I submit my third annual report.

The student body at the Academy in September numbered 209; the present enrollment figure is 204. Three students have transferred to the Academy; one has transferred to another school, and seven have left school.

The distribution of students by towns and by classes follows:

By towns:		By classes:	
Blue Hill	88	Freshmen	49
Brooklin	2	Sophomores	55
Brooksville	30	Juniors	50
Penobscot	45	Seniors	50
Sedgwick	39		204
	<u>204</u>		

As I stated in last year's report, this remarkable holding power during the last several years is the result of several factors:

1. Students are realizing that a high school education is a necessity; that without it they will be handicapped both culturally and economically for their entire life.
2. Parents are encouraging boys and girls to achieve at their highest level.
3. The action of the Joint Board in establishing a pay-equalization scale has been a strong factor in the retention and recruitment of some capable and inspiring faculty members.

The faculty, their preparation, years at the academy, and some of their duties are listed below:

Basil Bowden: B.S. Husson College; 8th year; Typewriting, Bookkeeping, Basic Business, Consumer Education, Health, Faculty Treasurer, School News-

paper, Baseball Coach, and Freshman Advisor.

Stanley Boynton: B.S. University of Maine; 4th year; General Science, Gen. Physics, Biology I, and Varsity Basketball Coach.

Mrs. Patricia Curtis: B.A. Colby College; 1st year; English, Yearbook Advisor, and Junior Class Advisor.

Harland Dunham: B.S., M.Ed. University of Maine; 3rd year; Principal, and Student Council Advisor.

Mrs. Rena Gray: B.S. Farmington State Teachers College; 13th year; Home Economics, Future Homemakers of America Advisor; and Cheerleader Coach.

Charles Maulen: Gorham State Teachers College; 3rd year; Industrial Arts, Cross Country, and Track Coach.

Colby Merchant: Colby College; 3rd year; English, Government, Future Teachers of America Advisor, Senior Play, and President of Academy Guild.

Samuel Nesbitt: Tennessee Wesleyan; 2nd year; Modern History, Geography, English, J.V. Basketball Coach, and Freshmen Advisor.

Henry Perkins: B.S., M. Ed. University of Maine; 1st year; Algebra I and II, Plane Geometry, Advanced Math., General Math and Junior Class Advisor.

Deale Salisbury: Bangor Theological Seminary; 8th year; U.S. History, Biology II, English, Senior Class Advisor, National Honor Society Advisor, Debate and Public Speaking.

Walter Snow: B. M. Northern Conservatory of Music: Band and Chorus.

Mrs. Marilyn Torrey: B.S. Husson College; 2nd year; Shorthand I and II, Typewriting I and II, Office Practice, Transcription, Senior Class Advisor, Future Business Leaders of America Advisor.

Mrs. Sylvia Walker: B.A. University of Maine; Sorbonne, France; 5th year; French, English, and French Club Advisor.

I would like to extend my thanks to the faculty for their assistance, and also to Mr. Closson, our custodian, and Mrs. Gerald Robertson, school secretary.

The New England Association of Colleges and Secondary Schools has notified me that the Commission on Public Secondary Schools at a meeting held on November 2nd approved the two year progress report which I submitted this fall. This means that we will continue to be accredited by the New England Association.

The tile flooring was laid in the Business Education rooms in October. We have now one of the finest Business Education and Science facilities in the county.

For instructional aids, we have purchased a new Bell & Howell 16mm projector, and we hope to add to our Visual Aid equipment this year by acquiring an overhead projector and a television set.

Our number one need is in the field of guidance services. To provide for these services, I recommend that we employ a specialized guidance instructor who would also, teach several classes.

The current thought regarding the school library is that we should build our own library at the school and not rely on the town library. To accomplish this objective, we will need expanded library facilities and a part-time librarian.

While I realize that we still need to relocate the toilet facilities and complete the Home Economics section of our new wing, I would conclude this report by stating that the Academy, as it grows, should be looking forward to laying the groundwork for its own gym and auditorium.

It has been my pleasure to work closely this past year with Mr. Albert Skidds, the School Superintendent, and Mr. John Sylvester, the Academy treasurer. I would like to extend my thanks to them and to parents, trustees, board members, and interested citizens for the cooperation and courtesies extended to me.

Respectfully submitted,
Harland Dunham, Principal

ELEMENTARY SCHOOL

The town furnishes transportation to Blue Hill for the High School students. The bus takes the students to Blue Hill for the basketball games that are played at Blue Hill and for the school plays. The bus does not take the students back to school at night for basketball practice or for play practice. The bus runs for home basketball games and plays, only when there are fifteen or more students going.

The faculty of the Elementary School is as follows:

Robert Gray: B.S. University of Maine; 2nd year; teaches grades 7 and 8 and is principal of the school.

Mrs. Lucy Soper: graduate of Castine Normal School; 13th year; teaches grades 5 and 6.

Mrs. Edrie Heath: graduate of Farmington State Normal School; 19th year; teaches grades 4 and part of 3.

Mrs. Barbara Buchanan: BS Gorham State Teachers College; 2nd year; teaches grades 2 and part of 3.

Mrs. Janet Naser: BA Keuka College, Keuka Park, N.Y. 1st year; teaches grade 1.

Mr. Walter Snow: BS in Music, Conservatory of Music, Bangor; 7th year; music supervisor and teaches vocal music and instrumental music one day per week.

Dr. Robert Russell is the school health doctor and Mrs. Leneita Butler is the school health nurse. Mr. Berwyn Hutchins is janitor of the school and drives the school bus on the North and South Penobscot routes and makes a short trip back to Halford Leach's house to pick up some pupils which the regular bus does not have room for. Mr. Hutchins also, does the repair work on both buses.

Mr. Lester Jones drives the school bus on the West route and to Blue Hill. The bus going to Blue Hill remains in Blue Hill during the day. Mr. Jones also assists Mr. Hutchins when a second man is needed for repairing a bus. Mr. Lester Jones is the attendance officer.

Mrs. Frances Babson and Mrs. Arlene Gross are the school lunch cooks.

The school enrollment by grades follows:

Grade	Boys	Girls	Grade	Boys	Girls
1	5	9	5	9	7
1	5	9	6	7	7
3	10	10	7	9	7
4	10	5	8	4	12

Total boys 59 and girls 66.

REPORT OF MUSIC TEACHER

The music program is comprised of the fundamentals of vocal music, simple music reading, rhythmic and music appreciation. The vocal music program is of a supervisory nature in which a plan is presented and introduced by the music supervisor then followed up by the classroom teacher throughout the week. When this procedure is carefully carried out through the elementary school years, the majority of students profit by a general understanding of music which enters into everyone's every day life, enabling them to participate more intelligently in the music of community life.

A chorus is available to students in grades five through eight, giving them a foundation for high school chorus in later years. In addition to this, grades seven and eight have a course in music appreciation, stressing music of various periods of history, showing how and why it has changed with the times. The object of the course is for the student to be able to reason what is good or bad in music and why.

Instrumental music is also, available for those pupils who desire it. Brooksville, Penobscot and Blue Hill have the opportunity of playing in the George Stevens Academy Band from grades five through eight if they qualify. Students from other towns may become members of the band upon entering the academy.

It is my opinion that band work be taken slowly, and that public appearances be limited to several each year, that the organization may have a chance to grow and progress and not be overburdened with concentration on public performances. The end result will be a band of good quality and of good size.

Concerts are planned for later in the school year, possibly alternating towns every year, thereby having a program in each school every other year.

Report Submitted by Walter A. Snow, Music Supervisor.

Repairs done this year:

The kitchen was cleaned and painted and worn places in the toilet rooms were painted. Fire signal stations were purchased to replace the ordinary light switches used to operate the fire signals. The pianos were tuned. We had trouble with the

furnace leaking and this was taken care of by Babson & Duffy under the contract of installation. The janitor has made numerous small repairs about the school and has insulated the windows. This keeps out much cold and helps to conserve the fuel. The water pipe which leads to the drinking fountain station in the new section froze and burst flooding the ceiling of the supply room. However, the supplies and town officers effects were removed before being damaged. The ceiling had to be repaired and some insulation material has to be replaced. The cost of repairing this damage will be covered by insurance.

Mrs. Rose Grindell and Mrs. Georgia Hutchins are preparing blackout curtains for the new room. The material to be used was purchased some years back from government surplus property at ten cents per yard.

Repairs needed in the future:

It is time to start cleaning and painting the classrooms. If this is put off too long it becomes more expensive since repairs will be needed. We would like to paint one classroom this year.

Eventually we would like to replace the present incandescent lights with fluorescent lights. The fluorescent lights give more light for the same wattage and are cheaper to operate. However, we have not asked for any money for re-lighting this year.

The Parent Teachers Association has provided money for the erection of twelve swings for the school. The supports have been installed and are ready for the chains and seats.

The difference between this year's and next year's budget is largely accounted for in the difference in teachers' salaries and secondary tuition. The difference in teachers' salaries is not all increases in pay. The budget has \$450 for substitutes or sick leave. This is just an estimate; the actual amount may be less than that amount or it could be much more.

This year's balance is largely accounted for by a saving in secondary tuition, \$1532, more state subsidy than figured, \$901, and \$375 left over in the secondary transportation account.

I wish to take this opportunity to thank the school committee members, teachers and citizens of Penobscot for their interest, support, and participation in the educational program.

Respectfully submitted,
Albert L. Skidds,
Superintendent of Schools

18,510 meals were served to children and 257 to adults; total 18,867.
The program ran from Sept. 9 through June 12; 173 days or 37 weeks.
The value of the government donated food is \$1,465.73.
The average attendance for the program for the year is 107.0 or 86.7%.
Miscellaneous items are bottled gas, soap, cloths, napkins, straws, juice cups, bank service charges, transportation on gov't food, etc. There was a loss of \$.00619 per meal. Total loss on meals is \$115.25. There was a gain of \$47.06 on the recess milk. There was a loss of \$68.19 for the year on the program. There was a gain of 1¢ per bottle on 4,949 bottles less 2% deduction starting with the December application.

Respectfully submitted,
Albert L. Skidds,
Superintendent of Schools

REPORT OF TOWN CLERK

January 20, 1965

In 1964 I have recorded:
8 marriages
13 births
21 deaths

The large number of deaths are due to the fact that non-residents whose death occurs at Penobscot Nursing Home must be written in our own records.

Respectfully submitted
Ethel Bowden, Town Clerk

PUBLIC HEALTH NURSING SERVICE

MAINE DEPARTMENT OF HEALTH AND WELFARE

Division of Public Health Nursing, Bureau of Health

Annual Report of Public Health Nursing Services in Penobscot for
the year 1964

Your public health nurse is interested in a total community health program. She is concerned with the total family group and her aim is to help each individual member maintain maximum health.

Your public health nurse, a member of the Staff of the Division of Public Health Nursing, rendered the following public health nursing services in Penobscot during the year 1964.

Health supervision calls were made to expectant mothers, infants, and pre-school children for the purpose of discussing health problems and needs. In the spring two Well Child Conferences were held. Physical examinations were given and protection was offered against whooping cough, diphtheria, tetanus, poliomyelitis and smallpox.

Visits to the school were made to confer with teachers regarding the health program and individual needs. Children in grades four and seven were given physical examinations by Dr. Russell, school physician. The Mantoux test for tuberculosis was given to children in grades one and seven. The hearing of children in grades one, three, five and seven was tested on the Puretone Audiometer.

Home visits were made to adults to interpret medical recommendations and to demonstrate nursing care.

In January a clinic for the administration of Type III Sabin (oral) poliomyelitis vaccine offered one hundred and thirty-two persons an opportunity to be protected.

I wish to take this opportunity to thank Dr. Russell, the Health Committee school personnel and all who have helped to promote the health program in Penobscot.

Respectfully submitted,

Leneita Butler, R.N.
Public Health Nurse

AUDITOR'S REPORT

February 17, 1965

Board of Selectmen
Penobscot
Maine

Gentlemen:

In accordance with Chapter 90-A, Revised Statutes of 1954, an audit has been conducted of the financial records of the Town of Penobscot for the fiscal year ended January 15, 1965.

The examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and included such auditing procedures as were considered necessary in the circumstances.

In our opinion, the exhibits and schedules incorporated in this report, fairly present the financial condition of the Town as of January 15, 1965, and the results of its operations for the year then ended.

Respectfully submitted,

L. C. Neal
Public Accountant

Due to unavoidable circumstances and limited time, the complete report of audit could not be presented in time for the annual Town report.

The complete post audit report will be on file at the Town Office.

PUBLIC HEALTH NURSING SERVICE

MAINE DEPARTMENT OF PUBLIC HEALTH AND WELFARE
DIVISION OF PUBLIC HEALTH NURSING, BUREAU OF HEALTH
Annual Report of Public Health Nursing Services in Penobscot
for the year 1965

Your public health nurse is concerned with any health problem that effects the well being of the individual, the family, and the community. She is interested in the prevention of illness and the promotion of health.

Your public health nurse, a member of the staff of the Division of Public Health Nursing rendered the following public health nursing services in Penobscot during the year 1965.

Home visits were made to expectant mothers, infants, preschool and school children to discuss health problems, and to interpret medical recommendations.

In May a Child Health Conference for children entering school was held. Physical examinations were given and protection was offered against whooping cough, diptheria, tetanus, poliomyelitis and smallpox.

The hearing of children in grades one, three, five and seven was tested on the Puretone Audiometer.

The Sodium Flouride treatment for the prevention of tooth decay was given to children in the age groups recommended.

Visits have been made to school to confer with teachers regarding health problems and individual health needs.

I want to thank Dr. Russell, the Health Committee, school personnel and all who have helped to carry on the health program in Penobscot.

Respectfully submitted,

Leneita Butler, R.N.
Public Health Nurse

REPORT OF TOWN CLERK

In 1965 I have recorded:

12 marraiges
16 births
34 deaths

The Clerk's office is desperately in need of suitable storage space for the older Town records, many of which must be kept for twenty years--some forever.

Respectfully submitted,

Ethel Bowden
Town Clerk

SCHOOL DEPARTMENT

SUPERINTENDENT'S REPORT

It is with pleasure that I submit my seventeenth annual superintendent's report of the Penobscot Elementary School and data pertinent to the secondary students attending George Stevens Academy, Blue Hill.

	Blue Hill		Bucksport	
	Boys	Girls	Boys	Girls
Seniors	5	5	1	0
Juniors	8	7	0	1
Sophomores	9	2	0	1
Freshmen	3	12	1	0

George Stevens Academy Principal's Report

To the Superintendents of Schools, Superintending School Committees of Brooksville, Blue Hill, Penobscot, Sedgwick and to the Trustees of Blue Hill-George Stevens Academy, I submit my first annual report.

The distribution of students by towns and classes is as follows:

By towns:		By Classes	
Brooklin	5	Seniors	35
Brooksville	27	Juniors	56
Blue Hill	79	Sophomores	49
Penobscot	50	Freshmen	60
Sedgwick	39	Post Graduate	1
Ohio	1		201
	201		

The projected enrollment for next year is as follows:

By towns:		By classes:	
Brooklin	5	Seniors	54
Brooksville	30	Juniors	49
Blue Hill	84	Sophomores	60
Penobscot	55	Freshmen	53
Sedgwick	41		216
Ohio	1		
	216		

The academy faculty, their preparation, years at the academy and some of their duties are listed below:

Mr. Basil Bowden: BS Husson College; 9th year; Bookkeeping, Basic Business, Personal Typing, General Mathematics and Consumer Education; Eagles' Nest advisor, advisor for magazine campaign and baseball coach. Mr. Bowden fills in for the principal when he has to be absent.

Mr. R. F. Chase: BS University of Maine; 1st year; Algebra I, Algebra II, Plane Geometry and Senior Mathematics; Sophomore Class advisor and J. V. Basketball coach.

Mrs. Patricia Curtis: AB Colby College; 2nd year; English IC, English IIC, English IIA, English IIIB, English IVA and English IVC; cheerleading coach and advisor to Future Teachers of America Club.

Mr. Arthur Dudley: BS University of Maine; 1st year; Health, General Science and Modern History (classes); coach of Cross Country, Basketball and track; Senior Class advisor.

Mrs. Rena Gray: BS Farmington State Teachers College; 14th year; Home Economics IA, IB, II, Senior Special and Boys' Home Economics; advisor to Future Homemakers of America Club.

Mr. R. Painter Howe, Jr.: AB Oliver College; 1st year; Physical Science, Descriptive Chemistry and College Preparatory Chemistry; advisor to Freshmen Class and Science Fair.

Miss Karlene Kelly: BS University of Maine; 1st year; English IA, English IB, English IIB, English IIIC, English IIIA and English IVB; advisor to Sophomore Class and to yearbook staff.

Mr. Colby Merchant: AB Colby College; 4th year; Government, United States History and Geography; Senior Play Coach and Junior Class advisor.

Mrs. Marilyn Torrey: BS Husson; 3rd year; Office Practice, Typing I and II, Shorthand I and II, and Transcription; Senior Class advisor and Future Business Leaders of America advisor.

Mrs. Sylvia Walker: BA University of Maine; 6th year; French I, French II, French III and French IV; advisor to the French Club and to the Freshman Class.

Mr. Walter Snow: BM Northern Conservatory of Music, Band and Chorus instruction.

Mr. Spencer Winsor: AB Colby College; 1st year; Guidance Counselor.

Mr. Winsor divides his time between George Stevens Academy and Southwest Harbor (Pemetic High School).

Mr. Richard Horr: BS Gorham State Teachers College; 1st year; taught Industrial Arts the first semester until the Christmas vacation.

Mr. Malcolm Herrick: BS University of Maine; (Substitutional Industrial Arts teacher at the present time) is teaching Shop I, II, III and IV.

Mr. Joseph P. White: BS University of Maine; 1st year; Principal, Advanced Mathematics; advisor to Student Council.

Mr. Forrest Closson is custodian for the Academy buildings.

The major improvement in the academy's curriculum is the new guidance program. The guidance counselor, Mr. Winsor, is at the academy each Monday and Tuesday and on alternate Wednesdays.

Mr. Winsor works with the students in four main areas:

1. Aiding the individual student to successfully make the transition from grade school to the academy through orientation meetings, etc.
2. Helping students to identify their aptitudes and interests; helping each student to set up a program of study that reflects his or her aptitudes and interests.
3. Providing students with information and guidance concerning their post-school plans.
4. Counseling students with personal problems.

The emphasis on post-secondary education, the creating of new jobs by advances in technology and the fact that many old jobs are being automated out of existence all contribute to make a guidance program a real necessity for today's high school students.

Joseph P. White,
Principal

The town furnishes transportation to Blue Hill for the High School students. The bus takes the students to Blue Hill for the basketball games that are played at Blue Hill and for the school plays. The bus does not take the students back to school at night for basketball practice or for play practice. The bus runs for home basketball games and plays, only when there are fifteen or more students going.

The faculty of the Elementary School is as follows:

Arthur Lawrence: Graduated from Eastern State Normal School; 1st year; teaches grades 7 and 8 and is principal of the school.

Mrs. Lucy Soper: graduate of Castine Normal School; 14th year; teaches grades 5 and 6.

Mrs. Edrie Heath: graduate of Farmington State Normal School; 20th year; teaches grades 4 and part of 3.

Mrs. Barbara Buchanan: BS Gorham State Teachers College; 3rd year; teaches grade 2 and part of 3.

Mrs. Fay Wiesing: Attended Farmington State Normal School 1 year and the University of Maine 1 1/2 years. Mrs. Wiesing is presently taking courses at the University of Maine.

This is her first year in Penobscot and she teaches grade one.

Mr. Walter Snow: BS in Music, Conservatory of Music, Bangor; 8th year; music supervisor and teaches vocal music and instrumental music one day per week.

Dr. Robert Russell is the school health doctor. Mr. Berwyn Hutchins is janitor of the school and drives a school bus on the West Penobscot route and on the South Penobscot route.

Mr. Lester Jones drives the bus on the North Penobscot route, makes a short trip on the West route and then drives the secondary students to Blue Hill. Mr. Jones is the attendance officer.

Mrs. Arlene Gross and Mrs. Jeanne Austin are the school lunch cooks.

The school enrollment is as follows:

Grade	Boys	Girls	Grade	Boys	Girls
1	13	8	5	7	8
2	4	8	6	9	7
3	4	9	7	7	8
4	10	10	8	8	7

REPAIRS

The major repair job done this year consisted of adding a wash bowl to each of the wash rooms and the installation of a drinking fountain in the corridor of the new addition.

The janitor has made numerous small repairs around the school this year. Mr. Hutchins has also, done nearly all of the repairs to both school buses this year.

Supports with movable parts were installed on the playground swings to replace the original immovable parts. The chains cut the immovable parts by friction and made the swings dangerous. New, rust proof chains were also installed. The school committee and superintendent donated their time to repair the swings.

A new set of basketball backboards was installed on the school playground. Ralph Robertson secured the pipe and welded on the cross members to support the backboards. He then secured the plywood and made the backboards and installed them. Ralph Gross used his equipment and time to dig the holes and set the backboards. The school certainly appreciates the donated work of these individuals. Mr. Robertson also, has a set of volleyball supports ready to be installed in the spring when the frost is out of the ground.

Improvements for the future:

It is time to start re-decorating the classrooms.

The childrens' library books have been brought from the old library building to the school. They are stored in the corner of the unused classroom as there is at present no place to put them on shelves for the childrens' use. As soon as the town selectmen find a place for an office bookshelves will be built in the school's store-room and the books put up so the children may use them for reading and reference work.

Elementary and Secondary Education Act of 1965:

In 1965 the federal government passed the above act to aid school administrative units where there are low income families and educationally deprived children. The criteria for determining which units are needy and the amount of money are based upon the 1960 census report. The amount of money coming to Penobscot is \$759.00.

The money does not come to the town automatically. The school committee and superintendent have to determine the number of educationally deprived children and then set up a project which will improve instruction in the school for these children.

The amount of money involved can best be used to provide teaching equipment and instructional materials.

I wish to take this opportunity to thank the school committee members, teachers and citizens for their interest and support of our schools.

Respectfully submitted,

Albert L. Skidds,
Superintendent of Schools

	<u>402.96</u>	Gain on milk	47.57
Paid milk dealer	355.39	Balance, 1965	<u>1,152.71</u>
Gain on milk	<u>47.57</u>		

INCOME PER MEAL:		EXPENSES PER MEAL:	
Appropriation	.01814	Food	.19640
Children-meals	.24360	Labor	.11260
USDA-meals	.04841	Other	.01168
USDA-food	.11140	USDA-food	<u>.11140</u>
Adults	.00671		.43208
	<u>.42826</u>	Loss per meal	.00382

16,219 meals were served to children and 318 to adults; total 16,537.
The program ran from Sept. 14 through May 28; 161 days or 34 weeks.
The value of the government donated food is \$1,841.60.
The average attendance for the program for the year is 100.7 or 82.5%
Miscellaneous items are bottled gas, soap, cloths, napkins, straws, juice
cups, bank service charge, transportation on gov't food, etc.
There was a loss of \$.00382 per meal or a total of \$62.87.
There was a gain of 1¢ per bottle on recess milk or a total of \$47.57.

Respectfully submitted,

Albert L. Skidds,
Superintendent of Schools
